

## **PESACH TABOO**

Dear parents and kids,

Enjoy playing this game to prepare for Pesach!

To play, cut out the taboo cards and place them in the center of the circle of players, in a pile upside down.

Each player, in turn, picks up a taboo card. The player has to describe the word in red without saying the words in blue. The other players try to guess the word. The first player who correctly guesses the word is the winner and keeps the card.

Once all the cards are complete, the player with the most taboo cards is the winner.

Have fun!

A Kosher and Happy Pesach!
